Watermark an Absolute beachfront venue

Watermark Bali is an absolute beachfront wedding venue. Situated on a picture perfect white sand beach in Tanjung Benoa, Nusa Dua. We are the first of a kind, incomparable with any other beachfront venue in Bali.

The sophisticated tones of grey and white create a luxurious atmosphere for your perfect wedding. Enhanced by delicately manicured grass areas, charming large shady Fig trees and white flowering plants creating a stunning elegant and enchanting venue.

Watermark was specially designed and built by its owners Felicia (Australian) and Leo (Balinese). They manage and operate Watermark with a great team of friendly and professional staff. It is always their aim to make sure your wedding experience is just as you dreamt it would be or even better!
